

STAINLESS STEEL PLATES

Besides stainless steel hot rolled sheets in thickness 3mm-14mm, which made from coils by our cut-to-length process, we can also provide hot rolled Quarto-plate or heavy plate in wider and thicker sizes or precise customers' specification.

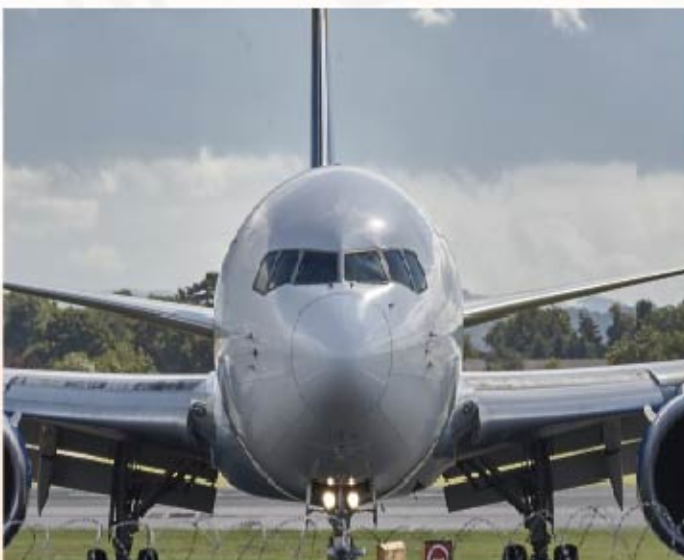

Surface: 1D/ No1, hot rolled, annealed and pickled.

thickness: 3.0mm up to 150.00mm

width: 1500mm, 2000mm, 3000mm up to 3200mm

length: 400mm-13500mm.

other widths than above standards are available on request.
